Hi Tanya,

I hope you had a great weekend!

Here's the link to the notes and video from our last session: [CLICK HERE](#).

You'll also find a checklist of tasks we discussed. If you have any challenges with these, feel free to bring them up during our check-in next week.

For this week, your main focus is to start making some enquiries regarding the boxes:

- **Cost:** Find out how much it would cost to have the boxes made up.
- **Wholesale Batches:** Check how many are typically sold in each wholesale batch.
- **Customization Options:** Ask if they only handle dispatch or if they also offer personalised printing and design services.

Additionally, you will need to decide how you want to handle your first launch/shipment:

- Do you want to produce a set number of batches for sale upfront?
- Or would you prefer to offer them as made-to-order to gauge demand?

I've explained both options on the [google doc](#)

And to use the theme of 'RESET' in your content.

Let me know how you get on with these steps, and we'll refine the plan further in our next session!

You are doing so great, Tanya, I know it can be overwhelming at first, and when it feels that way, just reach out to me, message me, that's what I'm here for.

Looking forward to seeing your progress.

With purpose and power,

JJ
